In 2005 the Illinois Legislature passed the Affordable Housing Act. How does this Act apply to Winnetka? How does the Winnetka Village government interpret its obligations and what has it been doing? What approaches to Affordable Housing have other Illinois municipalities taken?

Facts presented at this forum should be useful to voters as they consider the upcoming referendum questions:

- Should the Village of Winnetka expand our existing Affordable Housing Plan?
- Should development of the Post Office Site include affordable housing paid for by taxpayers?"
